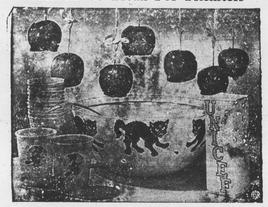
Homemade Treats For Tricksters



When would-be goblins and ghosts come calling on Halloween on behalf of UNICEF, they deserve a treat. Try these easy to make recipes for instant soft drink punch and candied apples:

Honey Orangeade Punch

1 quart water
1 quart orange juice
1 stick cinnamon
1 envelope pineapple-grapefruit Kool-Aid
½ cup honey
½ cup sugar

Combine water, orange juice, and cinnamon stick in a saucepan. Bring to a boil. Remove from heat and add remaining ingredients. Stir well until sugar is dissolved. Remove cinnamon stick. Serve hot or chilled. Makes about 8½ cups, or about 18 servings, 4 ounces each.

Candied Apples

1 cup sugar
½ cup water
½ cup light corn syrup
1 envelope cherry Kool-Aid
6 to 8 apples
Wooden skewers

Combine sugar, water, and corn syrup in a saucepan. Bring to a boil over medium heat, stirring until sugar is dissolved. Continue boiling without stirring, until mixture comes to a temperature of 250°F.

Remove from heat and dip pan into cold water to reduce the bubbling. Stir in cherry instant soft drink mix, blending well. Hold pan over boiling water to help prevent syrup from hardening.

Spear clean dry apples through the core with skewers. Dip slowly into syrup; turn and lift out. Allow excess syrup to run off. Place dipped apples on greased tray or wax paper and allow to harden (about 20 to 22 minutes). Makes 6 to 8 candied apples.

The 13th Sabbath overflow for this quarter goes to the South American Division, South America is a great country of opportunity, and contrast. The overflow offering has helped his great field in many ways, providing medical missionary work.
Remember the words of the Lord Jesus, how he said, "It is more blessed to give than to receive."

How you can receive a check signed by Uncle Sam twice a year

When you buy an H Bond you can be sure of receiving your first interest check in six months—and every six months till maturity. Every year the U.S. Treasury mails out more than 3½ million interest checks worth $149 million to the folks holding Series H Bonds.

Why buy Series H Bonds? H Bonds are especially good if you're living on a retirement income or want to invest for current income.

If you own E Bonds you can trade them for H Bonds at anytime. (A nice feature of trading is you don't have to pay tax on the accumulated E Bond interest until your new H Bonds mature or are cashed.)

Guaranteed growth. Your Bond money now earns 3¾% interest held to maturity. Your money can't be lost because Uncle Sam replaces destroyed Bonds. And you can get your money with interest anytime you want it.

Every Savings Bond you buy is a share in a stronger America. Why not ask your banker for all the details?

H Bonds pay you 30 checks one every 6 months. If you buy a $500 Bond, for example, your first 5 semi-annual interest checks will be $4. Then for $5,000 invested you receive $10 every 6 months. H Bonds also come in denominations of $1,000, $5,000 and $10,000.

You save more than money with
